

## Worksheet 2a

### **My Definition of Success**

*Below, write your definition of success, along with the personal characteristics which will help you achieve it. Remember, if you can see it, you can be it.*

## Worksheet 2b

### **My Business Vision**

*Describe your business as you envision it. Incorporate your definition of success. Go into as much detail as you like. (If you already have a business, envision what you want it to become.) Over time, your vision will probably change. When it does, come back to this page and revise it. Remember, flexibility - not rigidity, is the mark of a good entrepreneur.*
